

## **CURRICULUM VITAE**

Name: Geertruid van Wassenaer

Geertruid has practiced law since 1986, dealing with insurance law, liability and compensation from the outset.

Since 2014, she founded her own firm in Haarlem together with Evert Wytema. This firm deals exclusively with personal injury cases and acts on the victim's side. The focus of her practice is traffic victims and their next of kin.

Geertruid is a registered MfN mediator since 2009.

Besides this work, she is a member of the editorial board of the journal *Verkeersrecht*, which provides a wonderful forum for her to publish in. She also lectures and teaches on various topics in her field. She has chaired both the Association of Personal Injury Lawyers (LSA), and the quality committee. In 2021 the Chamber for long term personal injury cases has been founded, in which she is one of the three arbitrators.
